

# Guideline for manual installation of supplier profiles (only required if the automatic update was not successful)

1. Open our website under [www.teccom-eu.net](http://www.teccom-eu.net) with your web browser (e.g. Opera, Internet Explorer)
2. Open the link **Products&Services** → **Download**
3. Scroll to „Supplier Profiles“. Click on the file “Current Supplier Profiles” with the right mouse button. Choose „Save target as“.
4. When window opens please browse to your TecCom folder and save this file as ...\\TecClient\\SupplierData
5. Ready! Your supplier profiles are updated now.
